15           **"20-3-302. Legislative intent to elect less than majority of trustees.** (1) It is the intention of the

16   legislature that the terms of a majority of the trustee positions of any district with elected trustees may not

17   regularly expire and be subject to election on the same regular school election day. In elementary districts,

18   there may not be more than three trustee positions in first-class districts, two trustee positions in second-class

19   districts or third-class districts having five trustee positions, or one trustee position in third-class districts having

20   three trustee positions regularly subject to election at the same time. In high school districts there may not be

21   more than two additional trustee positions in first- or second-class districts or more than one in third-class

22   districts regularly subject to election at the same time. In county high school districts, there may not be more

23   than two trustee positions to be filled by members residing in the elementary district where the county high

24   school building is located or more than one trustee position to be filled by members residing outside of the

25   elementary district where the county high school building is located subject to election at the same time.

27   be shortened to comply with the intent of subsection (1):

- 28           (a)     the ~~consolidation~~ reorganization of school districts under the provisions of 20-6-423 ~~of two or~~

1 more elementary districts to form an elementary district, of two or more high school districts to form a high  
2 school district, or of two or more K-12 districts to form a K-12 district;

3 (b) the establishment of additional trustee positions of a high school district under the provisions of  
4 20-3-353 or 20-3-354 or new trustee positions under the provisions of 20-3-352(3);

5 (c) the change of a district's classification under the provisions of 20-6-201 or 20-6-301;

6 (d) the establishment of additional elementary trustee positions under the provisions of 20-3-  
7 341(3); or

8 (e) the establishment of additional high school trustee positions under the provisions of 20-6-313.

9 (3) If the change of a district's classification under 20-6-201 or 20-6-301 decreases the number of  
10 trustee positions, the positions must be eliminated in a manner that complies with the intent of subsection (1).

11 (4) Although the legislature intends that the terms of a majority of trustees of any district may not  
12 regularly expire and be subject to election at the same time, it is recognized that filling a vacancy under 20-3-  
13 308 may lead to a subsequent school election in which a majority of trustee positions are subject to election at  
14 the same time."

15

16 **Section 3.** Section 20-3-312, MCA, is amended to read:

17 **"20-3-312. Trustees of district affected by boundary change.** The trustees of any district to which  
18 the territory of another district is attached as a result of annexation, abandonment, territory transfer, or any  
19 other method of changing district boundaries, except by the ~~consolidation~~ reorganization of districts under 20-6-  
20 423, continue to be the trustees of the district with the same powers, duties, and responsibilities and subject to  
21 the same limitations provided by law as if there had been no boundary change. In the case of district  
22 ~~consolidation~~ reorganization, the appointed trustees of the resulting district shall assume their trustee positions  
23 under the authority of 20-6-423."

24

25 **Section 4.** Section 20-3-342, MCA, is amended to read:

26 **"20-3-342. Determination of terms after ~~consolidation~~ reorganization of elementary districts.**  
27 Whenever the trustees are elected at one regular school election under the circumstances described in 20-3-  
28 302(2)(a), the members who are elected shall draw by lot to determine their terms of office. The terms of office

1 by trustee position must be:

2 (1) three for 3 years, two for 2 years, and two for 1 year in a first-class elementary district;

3 (2) two for 3 years, two for 2 years, and one for 1 year in second-class elementary districts and  
4 third-class elementary districts having five trustee positions; or

5 (3) one for 3 years, one for 2 years, and one for 1 year in a third-class elementary district having  
6 three trustee positions."

7

8 **Section 5.** Section 20-6-202, MCA, is amended to read:

9 **"20-6-202. Time limitation for boundary changes.** An elementary district may not be created and  
10 elementary district boundaries may not be changed between the first day of January and the fourth Monday of  
11 August of any calendar year except when:

12 (1) the entire territory of a district is annexed or attached to another district;

22 district;

23 (2) the entire territory or portion of a joint high school district located in one county is annexed or  
24 attached to another high school district; or

25 (3) two or more districts are ~~consolidated~~ reorganized in their entirety."

26

27 **Section 7.** Section 20-6-410, MCA, is amended to read:

28 **"20-6-410. Tenure protected -- hiring preference for employees.** (1) Whenever two or more school

1 districts ~~consolidate~~ reorganize or join through annexation to ~~organize into form~~ a single district in the manner  
2 provided for in Title 20, chapter 6, a principal, teacher, or other certified employee of the school districts who  
3 has a right of tenure under Montana law must be given absolute preference in hiring for the first school fiscal

5 qualified with the required certification endorsements. Upon acceptance of a position, the certified employee  
6 continues to have tenure in the ~~consolidated~~ reorganized or enlarged district and the board of trustees of the  
7 ~~consolidated~~ reorganized or enlarged school district in which the person will perform duties shall recognize and  
8 give effect to the right of tenure.

9 (2) A noncertified, nonprobationary employee of a school district that ~~consolidates~~ reorganizes or  
10 joins another district through annexation must be given preference in hiring for the first school fiscal year for any  
11 vacant position with the ~~consolidated~~ reorganized or enlarged district for which the employee has substantially  
12 equal qualifications and, upon acceptance of a position, may not be given probationary status."

13  
14 **Section 8.** Section 20-6-411, MCA, is amended to read:

15 **"20-6-411. Bonded indebtedness to remain with original territory except when assumed by**  
16 **election.** Whenever district boundaries are changed in any manner prescribed in this title, the existing bonded  
17 indebtedness against any district or territory affected by a change of boundaries remains the indebtedness of  
18 the original territory against which the bonds were issued and must be paid by levies on the original territory,  
19 except when districts are ~~consolidated~~ reorganized with the mutual assumption of bonded indebtedness or  
20 when a district is annexed with a joint assumption of the annexing district's bonded indebtedness. Any money to  
21 the credit of the debt service fund of a district when its boundaries are changed must be used to pay the  
22 existing bond principal and interest of the original territory issuing the bonds as it becomes due or for bond  
23 redemption under the bonding provisions of this title."

24  
25 **Section 9.** Section 20-6-413, MCA, is amended to read:

4 interest and all outstanding bonds.

5 (2) If any cash remains to the credit of the district after paying its debts, the cash must be  
6 transferred by the county treasurer to the credit of the district or districts assuming its territory. When the  
7 territory is assumed by more than one district, the remaining cash must be prorated between the districts on the  
8 basis of the taxable value of the territory assumed by each district as determined by the county superintendent.

9 (3) If any tuition debt remains as an obligation of the district, the tuition debt is the obligation of the

13 (4) If any debts, other than bonded indebtedness and tuition, remain as an obligation of the district  
14 after the cash has been utilized under the provisions of subsection (1), the debts must be assigned in the same

5 in which the property, funds, and financial obligations, including bonded indebtedness, of the K-12 district are to  
6 be apportioned to the district or districts whose territory is not annexed to or ~~consolidated~~ reorganized with  
7 another district.

8 (4) After the county superintendent receives the certificate of election provided for in 20-20-416  
9 from the trustees of the K-12 district and from each district included in a ~~consolidation~~ reorganization  
10 proposition, the county superintendent shall determine whether the dissolution and annexation or ~~consolidation~~

12 proposition and each district involved in a ~~consolidation~~ reorganization has approved the ~~consolidation~~  
13 reorganization proposition, the county superintendent shall, within 10 days after the receipt of the election  
14 certificate, order the dissolution of the K-12 district into the original elementary district and high school district,

28 **Section 14.** Section 20-9-311, MCA, is amended to read:

**"20-9-311. Calculation of average number belonging (ANB) -- 3-year averaging. (1) Average**

number belonging (ANB) must be computed for each budget unit as follows:

(a) compute an average enrollment by adding a count of regularly enrolled pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on the first Monday in February of the prior school fiscal year or the next school day if those dates do not fall on a school day, and divide the sum by two; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(4) (a) Except as provided in subsection (4)(d), for the purpose of calculating ANB, enrollment in an education program:

(i) from 180 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-time enrollment;

(ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time enrollment;

(iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-quarter-time enrollment; and

(iv) 720 or more aggregate hours of pupil instruction per school year is counted as full-time enrollment.

(b) Except as provided in subsection (4)(d), enrollment in a program intended to provide fewer than 180 aggregate hours of pupil instruction per school year may not be included for purposes of ANB.

(c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based on the hours necessary and appropriate to provide the course within a regular classroom schedule.

(d) A school district may include in its calculation of ANB a pupil who is enrolled in a program providing fewer than the required aggregate hours of pupil instruction required under subsection (4)(a) or (4)(b)

1 if the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by  
2 the school board using district assessments. The ANB of a pupil under this subsection (4)(d) must be converted  
3 to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the  
4 student has demonstrated proficiency.

5 (e) (i) Except as provided in subsection (4)(e)(ii), a pupil in kindergarten through grade 12 who is  
6 concurrently enrolled in more than one public school, program, or district may not be counted as more than one  
7 full-time pupil for ANB purposes. When a pupil is concurrently enrolled in more than one district, any fractional  
8 enrollment under subsection (4)(a) must be attributed first to a pupil's nonresident district.

9 (ii) A pupil who participates in a jumpstart program under Title 20, chapter 7, part 18, may be  
10 counted as up to 1 1/4 enrollment for ANB purposes. A district shall add one-quarter enrollment for a pupil who  
11 participated in an early literacy jumpstart program to the pupil's regular enrollment count under this subsection  
12 (4) in both the October and February enrollment counts following the student's participation in the jumpstart  
13 program.

14 (5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state  
15 superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose  
16 of calculating ANB for the elementary programs offering full-time kindergarten in the current year. For the  
17 purposes of calculating the 3-year ANB, the superintendent of public instruction shall count the kindergarten  
18 enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year average ANB for  
19 districts offering full-time kindergarten.

20 (6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school  
21 days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil  
22 resumes attendance prior to the day of the enrollment count.

23 (7) (a) The enrollment of preschool pupils, as provided in 20-7-117, may not be included in the  
24 ANB calculations.

25 (b) Except as provided in subsection (7)(c), a pupil who has reached 19 years of age by  
26 September 10 of the school year may not be included in the ANB calculations.

27 (c) A pupil with disabilities who is over 19 years of age and has not yet reached 21 years of age by  
28 September 10 of the school year and who is receiving special education services from a school district pursuant

1 to 20-7-411(4)(a) may be included in the ANB calculations if:

2 (i) the student has not graduated;

3 (ii) the student is eligible for special education services and is likely to be eligible for adult services  
4 for individuals with developmental disabilities due to the significance of the student's disability; and

5 (iii) the student's individualized education program has identified transition goals that focus on  
6 preparation for living and working in the community following high school graduation since age 16 or the  
7 student's disability has increased in significance after age 16.

8 (d) A school district providing special education services pursuant to subsection (7)(c) is  
9 encouraged to collaborate with agencies and programs that serve adults with developmental disabilities in  
10 meeting the goals of a student's transition plan.

11 (8) The average number belonging of the regularly enrolled pupils for the public schools of a  
12 district must be based on the aggregate of all the regularly enrolled pupils attending the schools of the district,  
13 except that:

14 (a) the ANB is calculated as a separate budget unit when:

15 (i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or  
16 town located in the district and at least 20 miles from any other school of the district, the number of regularly  
17 enrolled pupils of the school must be calculated as a separate budget unit for ANB purposes and the district  
18 must receive a basic entitlement for the school calculated separately from the other schools of the district;

19 (ii) a school of the district is located more than 20 miles from any other school of the district and  
20 incorporated territory is not involved in the district, the number of regularly enrolled pupils of the school must be  
21 calculated separately for ANB purposes and the district must receive a basic entitlement for the school  
22 calculated separately from the other schools of the district;

23 (iii) the superintendent of public instruction approves an application not to aggregate when  
24 geographic barriers exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to  
25 travel, that would result in an unusual hardship to the pupils of the school if they were transported to another  
26 school, the number of regularly enrolled pupils of the school must be calculated separately for ANB purposes  
27 and the district must receive a basic entitlement for the school calculated separately from the other schools of  
28 the district; or

(iv) two or more districts ~~consolidate~~ reorganize or annex under the provisions of 20-6-422 or 20-6-423, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the ~~consolidation~~ reorganization or annexation. Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:

(A) 75% of the basic entitlement for the fourth year;

(B) 50% of the basic entitlement for the fifth year; and

(C) 25% of the basic entitlement for the sixth year.

(b) when a junior high school has been approved and accredited as a junior high school, all of the regularly enrolled pupils of the junior high school must be considered as high school district pupils for ANB purposes;

(c) when a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

(d) when a school has been designated as nonaccredited by the board of public education because of failure to meet the board of public education's assurance and performance standards, the regularly enrolled pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE funding program for the district.

(9) The district shall provide the superintendent of public instruction with semiannual reports of school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the superintendent.

(10) (a) Except as provided in subsections (10)(b) and (10)(c), enrollment in a basic education program provided by the district through any combination of in-person or remote instruction may be included for ANB purposes only if the pupil is offered access to the complete range of educational services for the basic education program required by the accreditation standards adopted by the board of public education.

(b) Access to school programs and services for a student placed by the trustees in a private program for special education may be limited to the programs and services specified in an approved individual education plan supervised by the district.

1 (c) Access to school programs and services for a student who is incarcerated in a facility, other  
2 than a youth detention center, may be limited to the programs and services provided by the district at district  
3 expense under an agreement with the incarcerating facility.

4 (d) This subsection (10) may not be construed to require a school district to offer access to  
5 activities governed by an organization having jurisdiction over interscholastic activities, contests, and  
6 tournaments to a pupil who is not otherwise eligible under the rules of the organization.

7 (11) A district may include only, for ANB purposes, an enrolled pupil who is otherwise eligible under  
8 this title and who is:

9 (a) a resident of the district or a nonresident student admitted by trustees under a student  
10 attendance agreement and who is attending a school or an offsite instructional setting of the district;

11 (b) unable to attend school due to a medical reason certified by a medical doctor and receiving  
12 individualized educational services supervised by the district, at district expense, at a home or facility that does  
13 not offer an educational program;

14 (c) unable to attend school due to the student's incarceration in a facility, other than a youth  
15 detention center, and who is receiving individualized educational services supervised by the district, at district  
16 expense, at a home or facility that does not offer an educational program;

17 (d) receiving special education and related services, other than day treatment, under a placement  
18 by the trustees at a private nonsectarian school or private program if the pupil's services are provided at the  
19 district's expense under an approved individual education plan supervised by the district;

20 (e) participating in the running start program at district expense under 20-9-706;

22 at a private residential program or private residential facility licensed by the department of public health and  
23 human services;

24 (g) enrolled in an educational program or course provided at district expense using remote delivery  
25 methods, including but not limited to tutoring, distance learning programs, online programs, and technology

- 14 (b) (i) Except as provided in subsection (13)(b)(ii), each completed extracurricular activity under

- 24 (14) (a) For an elementary or high school district that has been in existence for 3 years or more, the
- 25 district's maximum general fund budget and BASE budget for the ensuing school fiscal year must be calculated
- 26 using the current year ANB for all budget units or the 3-year average ANB for all budget units, whichever
- 27 generates the greatest maximum general fund budget.
- 28 (b) For a K-12 district that has been in existence for 3 years or more, the district's maximum

1 general fund budget and BASE budget for the ensuing school fiscal year must be calculated separately for the

3 (15) The term "3-year ANB" means an average ANB over the most recent 3-year period, calculated  
4 by:

5 (a) adding the ANB for the budget unit for the ensuing school fiscal year to the ANB for each of the  
6 previous 2 school fiscal years; and

9 **Section 15.** Section 20-9-502, MCA, is amended to read:

10 **"20-9-502. Purpose and authorization of building reserve fund -- subfund structure.** (1) The  
11 trustees of any district may establish a building reserve fund to budget for and expend funds for any of the  
12 purposes set forth in this section. Appropriate subfunds must be created to ensure separate tracking of the  
13 expenditure of funds from voted and nonvoted levies and transfers for school safety pursuant to 20-9-236.

14 (2) (a) A voted levy may be imposed and a subfund must be created with the approval of the  
15 qualified electors of the district for the purpose of raising money for the future construction, equipping, or  
16 enlarging of school buildings or for the purpose of purchasing land needed for school purposes in the district. In  
17 order to submit to the qualified electors of the district a building reserve proposition for the establishment of or  
18 addition to a building reserve, the trustees shall pass a resolution that specifies:

19 (i) the purpose or purposes for which the new or addition to the building reserve will be used;

20 (ii) the duration of time over which the new or addition to the building reserve will be raised in  
21 annual, equal installments;

22 (iii) the total amount of money that will be raised during the duration of time specified for the levy;

23 and

24 (iv) any other requirements under 15-10-425 and 20-20-201 for the calling of an election.

25 (b) Except as provided in subsection (4)(b), a building reserve tax authorization may not be for  
26 more than 20 years.

27 (c) The election must be conducted in accordance with the school election laws of this title, and  
28 the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a

1 building reserve proposition must be substantially in compliance with 15-10-425.

2 (d) The building reserve proposition is approved if a majority of those electors voting at the election  
3 approve the establishment of or addition to the building reserve. The annual budgeting and taxation authority of  
4 the trustees for a building reserve is computed by dividing the total authorized amount by the specified number  
5 of years. The authority of the trustees to budget and impose the taxation for the annual amount to be raised for  
6 the building reserve lapses when, at a later time, a bond issue is approved by the qualified electors of the  
7 district for the same purpose or purposes for which the building reserve fund of the district was established.  
8 Whenever a subsequent bond issue is made for the same purpose or purposes of a building reserve, the  
9 money in the building reserve must be used for the purpose or purposes before any money realized by the  
10 bond issue is used.

11 (3) (a) A subfund must be created to account for revenue and expenditures for school major  
12 maintenance and repairs authorized under this subsection (3). The trustees of a district may authorize and  
13 impose a levy of no more than 10 mills on the taxable value of all taxable property within the district for that  
14 school fiscal year for the purposes of raising revenue for identified improvements or projects meeting the  
15 requirements of 20-9-525(2). The 10-mill limit under this subsection (3) must be calculated using the district's  
16 total taxable valuation most recently certified by the department of revenue under 15-10-202. The amount of  
17 money raised by the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and  
18 anticipated state aid pursuant to 20-9-525(3) may not exceed the district's school major maintenance amount.  
19 For the purposes of this section, the term "school major maintenance amount" means the sum of \$15,000 and  
20 the product of \$110 multiplied by the district's budgeted ANB for the prior fiscal year. To authorize and impose a  
21 levy under this subsection (3), the trustees shall:

22 (i) following public notice requirements pursuant to 20-9-116, adopt no later than March 31 of  
23 each fiscal year a resolution:

24 (A) identifying the anticipated improvements or projects for which the proceeds of the levy, the  
25 deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to  
26 20-9-525(3) will be used; and

27 (B) estimating a total dollar amount of money to be raised by the levy, the deposits and transfers  
28 authorized under subsection (3)(f) of this section, anticipated state aid pursuant to 20-9-525(3), and the

1 resulting estimated number of mills to be levied using the district's taxable valuation most recently certified by  
2 the department of revenue under 15-10-202; and

3 (ii) include the amount of any final levy to be imposed as part of its final budget meeting noticed in  
4 compliance with 20-9-131.

5 (b) Proceeds from the levy may be expended only for the purposes under 20-9-525(2), and the  
6 expenditure of the money must be reported in the annual trustees' report as required by 20-9-213.

7 (c) Whenever the trustees of a district impose a levy pursuant to this subsection (3) during the  
8 current school fiscal year, they shall budget for the proceeds of the levy, the deposits and transfers authorized  
9 under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) in the district's building  
10 reserve fund budget. Any expenditures of the funds must be made in accordance with the financial  
11 administration provisions of this title for a budgeted fund.

12 (d) When a tax levy pursuant to this subsection (3) is included as a revenue item on the final  
13 building reserve fund budget, the county superintendent shall report the levy requirement to the county  
14 commissioners by the later of the first Tuesday in September or within 30 calendar days after receiving certified  
15 taxable values and a levy on the district must be made by the county commissioners in accordance with 20-9-  
16 142.

17 (e) A subfund in the building reserve fund must be created for the deposit of proceeds from the  
18 levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid  
19 pursuant to 20-9-525(3).

20 (f) If the imposition of 10 mills pursuant to subsection (3)(a) is estimated by the trustees to  
21 generate an amount less than the maximum levy revenue specified in subsection (3)(a), the trustees may  
22 deposit additional funds from any lawfully available revenue source and may transfer additional funds from any  
23 lawfully available fund of the district to the subfund provided for in subsection (3)(a), up to the difference  
24 between the revenue estimated to be raised by the imposition of 10 mills and the maximum levy revenue  
25 specified in subsection (3)(a). The district's local effort for purposes of calculating its eligibility for state school  
26 major maintenance aid pursuant to 20-9-525 consists of the combined total of funds raised from the imposition  
27 of 10 mills and additional funds raised from deposits and transfers in compliance with this subsection (3)(f).

28 (4) (a) A voted levy may be imposed and a subfund must be created with the approval of the

1 qualified electors of the district to provide funding for transition costs incurred when the trustees:

2 (i) open a new school under the provisions of Title 20, chapter 6;

3 (ii) close a school;

4 (iii) replace a school building;

5 (iv) ~~consolidate~~ reorganize with or annex another district under the provisions of Title 20, chapter 6;

6 or

7 (v) receive approval from voters to expand an elementary district into a K-12 district pursuant to

8 20-6-326.

9 (b) Except as provided in subsection (4)(c), the total amount the trustees may submit to the  
10 electorate for transition costs may not exceed the number of years specified in the proposition times the greater  
11 of 5% of the district's maximum general fund budget for the current year or \$250 per ANB for the current year.  
12 The duration of the levy for transition costs may not exceed 6 years.

13 (c) If the levy for transition costs is for ~~consolidation~~ reorganization under 20-6-423 or annexation  
14 under 20-6-422:

15 (i) the limitation on the amount levied is calculated using the ANB and the maximum general fund  
16 budget for the districts that are being combined; and

17 (ii) the proposition must be submitted to the qualified electors in the combined district.

18 (d) The levy for transition costs may not be considered as outstanding indebtedness for the  
19 purpose of calculating the limitation in 20-9-406.

20 (5) (a) A subfund in the building reserve fund must be created for:

21 (i) the funds transferred to the building reserve fund for school safety and security pursuant to 20-  
22 9-236; and

23 (ii) funds generated by a voter-approved levy for school and student safety and security pursuant  
24 to subsection (5)(b) of this section.

25 (b) A voted levy may be imposed with the approval of the qualified electors of the district to provide  
26 funding for improvements to school and student safety and security that meet any of the criteria set forth in 20-  
27 9-236(1)(a) through (1)(e). A voted levy for school and student safety and security may not be considered as  
28 outstanding indebtedness for the purpose of calculating the limitation in 20-9-406. The election for a voted levy

1 for school and student safety and security must be conducted in accordance with the school election laws of  
 2 this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301.  
 3 The ballot for a building reserve proposition must be substantially in compliance with 15-10-425."
