BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Section 25-9-411, MCA, is amended to read:

"25-9-411. (Temporary) Medical malpractice noneconomic damages limitation. (1) (a) In a malpractice claim or claims against one or more health care providers based on a single incident of malpractice, an award for past and future damages for noneconomic loss may not exceed ~~\$250,000~~ the applicable noneconomic damage limit as provided in subsection (1)(c). All claims for noneconomic loss deriving from injuries to a patient are subject to an award not to exceed ~~\$250,000~~ the applicable noneconomic damage limit as provided in subsection (1)(c). This limitation applies whether:

(i) based on the same act or a series of acts that allegedly caused the injury, injuries, death, or deaths on which the action or actions are based; or

(ii) the act or series of acts were by one or more health care providers.

(b) If a single incident of malpractice injures multiple, unrelated patients, the limitation on awards contained in subsection (1)(a) applies to each patient and all claims deriving from injuries to that patient.

(c) The noneconomic damage limit is \$300,000. The noneconomic damage limit increases as follows:

(i) \$350,000, effective January 1, 2026;

(ii) \$400,000, effective January 1, 2027;

1 (iii) \$450,000 effective January 1, 2028;

2 (iv) \$500,000 effective January 1, 2029; and

3 (v) effective January 1, 2030, and on January 1 of each subsequent year, the limit must be
4 increased by 2% of the prior year's limit. The court administrator's office shall publish the adjusted limit within
5 14 days of January 1 of each year. Regardless of when the court administrator's office publishes the adjusted
6 limit, the adjusted limit must go into effect on January 1 of each year.

7 (d) The limit on past and future noneconomic damages in subsection (1)(a) applicable to a
8 claimant's claim is the limit, as adjusted pursuant to subsection (1)(c), that is in effect on the date the claimant

16 of awards in excess of \$250,000 the limit applicable to the claimant's claim must be reduced to \$250,000 the
17 limit applicable as provided in subsection (1), after which the court shall make other reductions that are required
18 by law. If a combination of awards for past and future noneconomic loss is reduced in the same action, future
19 noneconomic loss must be reduced first and, if necessary to reach the \$250,000 limit applicable limit, past
20 noneconomic loss must then be reduced. If a combination of awards is reduced to \$250,000 the applicable
21 limit, a claimant's share of the \$250,000 applicable limit must be the same percentage as the claimant's share
22 of the combined awards before reduction.

23 (b) For each claimant, further reductions must be made in the following order:

24 (i) first, reductions under 27-1-702;

25 (ii) second, reductions under 27-1-703; and

26 (iii) third, setoffs and credits to which a defendant is entitled.

27 (3) An award of future damages for noneconomic loss may not be discounted to present value.

28 (4) The \$250,000 applicable limit provided for in subsection (1) may not be disclosed to a jury.
